Certified Peer Program (CPP) Renewal

Vision: Establishing a culture of people helping people.

Mission: The National Association of Peer Program Professionals helps adults establish, train, supervise, maintain and evaluate peer programs.

PURPOSE: Recognizing the expanding role of the peer programs in schools and communities and the increasing importance of professional development, NAPPP has established a voluntary national certification program. This program identifies a certifiable level of adherence to the NAPPP Programmatic Standards. Programs that attain these levels and complete the certification process may then claim the designation, Certified Peer Program (CPP).

OBJECTIVES: Within the field of peer programs this certification program intends:• To promote professional standards, practices and ethics;• To encourage self-assessment by offering guidelines for achievement;• To improve performance by encouraging participation in a continuing program of professional growth and development;• To acknowledge a level of educational training essential for effective peer program administration and/or operations;• To foster professional contributions to the field;• To maximize the benefits received by the peer program community from the visibility and credibility provided by the CPP.

1. To continue their certification, the program will pay an annual \$50.00 renewal fee and report on their program's continuing professional growth and development.
